

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

every other purpose that might produce contamination of food or drink. No water shall be used in or about such places for such purposes unless the same shall be approved by the board of health or the health officer.

3. All glasses, spoons, dishes, and other vessels in which refreshments are served shall be thoroughly washed after each such use. After washing the said spoons and vessels they shall be rinsed in running water and shall be immersed for not less than five minutes in a solution of calcium hypochlorite of not less strength than 1 to 1,000.

4. The use of tanks or vessels containing water for washing glasses and other utensils is forbidden at soda fountains and soft drink stands. Such washing must be done in running fresh water.

5. All vessels used for containing fruit juices, sirups, and crushed fruits and all sirup tanks shall be thoroughly scoured and scalded before each filling, and such vessels when filled shall be kept tightly covered.

6. Cream, milk, and ice cream used or served in such places shall be kept in clean vessels which shall be tightly closed. All milk and cream so kept shall be from a source that is approved by the board of health and shall be kept on ice continuously.

7. All surfaces on soda fountains, counters, draining boards, ice boxes, and wherever the drinks and refreshments served may become contaminated shall be kept scrupulously clean at all times.

8. Flies must be excluded from all such places at all times, either by effective screening or by the use of fans properly situated and propelled with sufficient force.

9. All refuse from soda fountains, soft-drink stands, and ice-cream parlors shall be kept in water-tight, closely covered metal receptacles which shall be emptied daily; and after each such use shall be thoroughly scoured and scalded.

10. No person shall be employed in or about such place who is suffering from any "cold" (coryza), sore throat, cough, skin disease, or any other contagious disease or disease that may be contagious.

11. All persons employed in such places shall keep their persons scrupulously clean; and while handling or serving refreshments shall be clothed in clean, white, washable material.

12. A copy of these regulations shall be posted conspicuously in every such place.

13. Any violation of these regulations shall be subject to a penalty of \$25 for each and every such offense.

**Physicians, Midwives, and Undertakers—Registration of. (Reg. Bd. of H., Sept. 8, 1914.)**

SEC. 55. *Registration of physicians, midwives, and undertakers required.*—Every physician, midwife, and every undertaker practising his or her profession, or doing such business in the county of New Hanover, shall, before engaging in such business or profession, register his or her name and address with the county health officer.

**Births and Deaths—Registration of—Burial Permit. (Reg. Bd. of H., Sept. 8, 1914.)**

SEC. 56. *Registration of births and deaths, reports required.*—All births and deaths occurring in the county of New Hanover shall be registered in conformity with the requirements of chapter 109 of the Public Laws of 1913, and in addition to the requirements of said chapter undertakers, superintendents, or persons in charge of cemeteries, and persons in charge, or members of the family of the deceased person are forbidden to bury the body of any deceased person in the county of New Hanover without first obtaining from the local registrar of vital statistics for the township in which such death occurs a burial permit on the form prescribed by chapter 109 of the Public Laws of 1913. The local registrars of vital statistics are hereby required to furnish such burial permit and to submit once each month, on or before the 5th day of the succeeding month, a full report of all deaths and births which have occurred
